PROJECTS

LegalGist
Full Stack Development | HTML | TailwindCSS | React.js | Supabase

- LegalGist allows users to upload legal documents like case files, judgments, or petitions in PDF format for automated analysis.
- It uses advanced AI (like Gemini 2.0) to generate concise, easy-to-understand summaries of lengthy and complex legal documents.
- Users can ask specific questions about the uploaded document, and LegalGist will provide context-aware answers based on the content.

Ganga Mitra
Frontend Development | HTML | TailwindCSS | React.js

- Developed the frontend for Ganga Mitra, a real-time Ganga pollution monitoring platform, using React.js and Tailwind CSS.
- Displayed live pollution data (e.g., pH, DO, BOD, total coliform) from various Ganga locations in an interactive and user-friendly UI.
- Built for SIH 2024, securing 1st Runner-Up among national-level competitors.
- Implemented dynamic data visualization with responsive charts and tables to enhance readability and analysis.

Password Manager
Full Stack Development | HTML | TailwindCSS | React.js | MongoDB | Express.js | Node.js

- Built a MERN stack-based website for secure password storage.
- Designed a user-friendly interface for seamless navigation.
- Implemented robust encryption to protect user data.
- Secured accounts with JWT-based user authentication.
- Added streamlined registration and login systems.

Apple iPhone Website Replica
Front End Development | HTML | TailwindCSS | React.js | Three.js | GSAP

- Created a landing page for Apple's latest iPhone launch, highlighting product features and pricing.
- Enhanced the user experience with smooth animations using GSAP.
- Integrated an interactive 3D iPhone model with THREE.js.
- Designed engaging scroll and hover effects for seamless navigation.
- Showcased the iPhone's features with a visually appealing layout.

EDUCATION

Bachelor of Technology in Computer Science & Engineering   **Sep 2021 - Jul 2025**
Dr. A.P.J. Abdul Kalam Technical University, Lucknow

SKILLS

- React.js
- Node.js
- Three.js
- JavaScript
- HTML CSS
- Express.js
- Tailwind CSS
- MongoDB
- MaterialUI
- Supabase
- Shadcn
- Canva

ACHIEVEMENTS & CO-CURRICULAR

- Won 2nd prize in the inter college hackathon Hackspire
